

## Project Design Phase-II

### Data Flow Diagram & User Stories

Date	03 October 2022
Team ID	PNT2022TMID35582
Project Name	University Admit Eligibility Predictor
Maximum Marks	4 Marks

#### Data Flow Diagrams:

A Data Flow Diagram (DFD) is a traditional visual representation of the information flows within a system. A neat and clear DFD can depict the right amount of the system requirement graphically. It shows how data enters and leaves the system, what changes the information, and where data is stored.

## User Stories

Use the below template to list all the user stories for the product.

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance criteria	Priority	Release
User - Student	Registration Page	USN-1	As a user, I can register for the application by entering my email, password, and confirming my password.	I can access my account / dashboard	High	Sprint-1
		USN-2	As a user, I will receive confirmation email once I have registered for the application	I can receive confirmation email & click confirm	Medium	Sprint-1
	Information Page	USN-3	As a user, I can view the details about the university.	I can access details of universities	Medium	Sprint-2
	Home Page	USN-4	As a user, I can see the previous year cut-off Marks, GRE Score, TOFEL Score	I can check the scores	High	Sprint-1
		USN-5	As a user, I can predict my eligibility for admission at the university	I can get the result as eligible or not eligible	High	Sprint-1
		USN-6	As a user, I can see the courses offered by the university for students	I can see the details of courses offered	Medium	Sprint-2
Admin	In Database	USN-7	As a user, I can view the details of the user	I can view details of user	Low	Sprint-1
	Prediction	USN-8	As a admin, I can train the user details with ML algorithm	I can train the data followed by prediction	High	Sprint-1
	Chances	USN-9	As a admin, I can solve the queries of users	I can solve data by predictions	High	Sprint-1
	Solutions	USN-10	As a admin, I can update the university database depends on the user confirmation	I can update data provided	Medium	Sprint-2
